**Item Type:** Consent Calendar

**Approved for** January 14, 2025 **calendar**

### **EXECUTIVE SUMMARY**

---

Authorization to renew and update Transfer Agreement No. 2024MP28 is needed, to enable Glendale to access SCWP municipal funding through Fiscal Year 2027-28. This renewal ensures continued support for implementing vital stormwater and urban runoff projects, enhancing water quality and community investment while streamlining project management with a centralized reporting module for efficient documentation and compliance.

### **RECOMMENDATION**

---

Approve the motion authorizing the City Manager to renew and update the Transfer Agreement No. 2020MP28 between the Los Angeles County Flood Control District and Glendale for the new Transfer Agreement No. 2024MP28 Safe, Clean Water Program – Municipal Program.

### **ANALYSIS**

---

The SCWP was passed with more than two-thirds of the vote on the November 2018 ballot. The program assesses a parcel tax of 2.5 cents per square foot of impermeable surface on each property in Los Angeles County, subject to reductions as provided for in the credit program and exemptions for parcels owned by qualifying low-income seniors.

The mission of the SCWP is to increase stormwater and urban runoff capture and to reduce stormwater and urban runoff pollution, as well as providing benefits to the water supply, and water quality through investments in the community.

City of Glendale is eligible to receive funding from the municipal program portion of the SCWP for the implementation of its own stormwater and urban runoff projects and programs through the transfer agreement for the municipal program.

The previous Transfer Agreement 2020MP28, will be updated with a new reporting module which will give the users a centralized location to access and upload all necessary information and documentation pertaining to the transfer agreement. The new transfer agreement shall be effective through Fiscal Year 2027-28.

The estimated annual revenue from the SCWP – Municipal Program for Glendale is \$1.26 million. The planned expenditures are listed as below:

Green Street Improvements CIP	\$ 330,000
Alley Stormwater Treatment Program CIP	\$ 430,000
Consulting Services for NPDES Compliance	\$ 75,000
Consulting Services for Enhanced Watershed Management Program	\$ 35,000
Annual Cost Sharing for the implementation of the CIMP and EWMP for The Upper Los Angeles River Watershed Area	\$ 68,000
Regional Project Study for EWMP Compliance	\$ 50,000
Trash TMDL Compliance	\$ 100,000
Public Outreach/Community Education for MS4 compliance	\$ 13,500
MS4 Annual Permit Fee	\$ 55,000
Storm drain catch basin cleaning	\$ 50,000
Administration of MS4 Permit	\$ 53,500
Total	\$1,260,000
