CAPITAL/NEIGHBORHOOD IMPROVEMENT PROJECTS

COMMUNITY AGENCIES:

The CDBG Advisory Committee recommended fully funding two City projects and two community projects for FY2024-2025. \$232,784.13 will remain undesignated until the Committee meets in August to make recommendations based on final allocation numbers.

RECOMMENDED FUNDING

**Glendale Community Center
Catholic Charities of Los Angeles**

\$268,100

Catholic Charities of Los Angeles is requesting \$268,100 for the installation of a Thermoplastic Olefin (TPO) roofing system to the Glendale Community Center roof which is approximately 7,560 sq. ft. TPO is a durable, energy-efficient, and cost-effective roofing material. Scope of work includes: provide labor and install material for the roof replacement. Work to include but not limited to as follows. Demolition and the disposal of existing roof system; installation of Mid roof cool system; 20 year warranty; daily cleanup of the work site; testing and inspections; electrical; abatement; mechanical relocation; roof insulation and crickets; tear off of existing roof limited to one layer of roofing and dry rot. In fiscal years 2020-2021 and 2019-2020, Catholic Charities was awarded CDBG funding totaling \$380,788 for the Glendale Community Center Project and Roofing Project, which was returned in Fall 2023 due to general contractor bid proposals coming in higher than anticipated. This proposal demonstrates a reduction in scope of work to focus on Roof Replacement. Catholic Charities of Los Angeles is located at 4322 San Fernando Road, Glendale, CA. 91204. The building is 6,658 sq.ft. building with a 21,973 square foot rectangular lot. Number Served: 2,400 unduplicated homeless individuals annually.

**DOH DV Transitional Housing Expansion Phase I
Door of Hope**

\$0

Door of Hope is requesting \$762,583 for the DOH DV Transitional Housing Expansion Phase I of a remodel at DOH's domestic violence transitional housing shelter for families. The remodel would create living spaces for an additional 11 resident families, increasing the site's capacity from 14 to 25 families. Due to the scale of construction, DOH has separated it into 3 phases, with this proposal funding the 1st and most significant phase. This phase includes the relocation of the therapy office, construction of the first 3 additional client units, and upgrades to plumbing, electrical, and security to support all 11 additional units. The expansion would not add any square footage, instead creating new resident units by reconfiguring existing living spaces and relocating program offices while adding a resident lounge, recreation room, bathrooms, and kitchens. This would also create 3 ADA-accessible units for families with disabilities. The project does not involve any exterior changes to the property. Door of Hope located at an undisclosed location in the City of Glendale is currently a 2-story, 15-bedroom, 16-bathroom 13,836 sq. ft. apartment building constructed in 1929 to provide Domestic Violence Transitional Housing Shelter for families including services for case management, therapy and children's programs. The current living space is for 14 homeless families and one overnight employee, and office space for services: case management, therapy, and children's programs.

Number Served: 75 unduplicated homeless individuals would be served annually.

Pacific Park Natural Grass Project **\$370,000**
Community Services & Parks

This project is sponsored by the Community Services & Parks Department and involves the regrading and rebuilding of the natural turf surface of Pacific Park's ballfield, including new drainage plus catch basins for water percolation, new irrigation, expansion of the center field to better accommodate a soccer field overlay, new bullpens, and new fencing and outfield retaining walls as-needed for the new grading elevations.

STATUS: On June 28, 2022, City Council adopted a motion to proceed with natural turf surfacing for the Pacific Park ballfield. On August 14, 2023, the City executed a contract amendment to the scope of services with David Volz Design Landscape Architects, Inc. (DVD) to complete the redesign of the natural turf field. DVD will be providing the Design Development or 60% drawing submittal to the project by the end of February 2024 for review, with 100% Construction Drawings and Specs expected in Summer 2024.

Pac/Ed Artificial Turf Replacement Project
\$500,000
Community Services & Parks

This project is sponsored by the Community Services & Parks Department and involves the replacement of the artificial turf field at the Pacific Park/Edison Elementary multi-purpose field. The project will also include improving field drainage to address stormwater runoff issues, increasing the north fence height for safety purposes, addressing the spectator seating conflicts with field use, adds new privacy screening and new field striping. An evaluation of the current turf system will be performed to determine the ideal solution for this field since the city opt to switch to organic infill options. Additionally, it is anticipated that this project will trigger a Division of the State Architect (DSA) review (since project is on a school site), so a licensed Architect will need to be the Design Professional in General Responsible Charge for the DSA review. STATUS: City released a verbal RFP for landscape architecture professional services to design the replacement of the Pac/Ed artificial turf field on October 30, 2023, with proposals due on November 17, 2023. City received two proposals within the RFP timeframe and is in the process of taking a motion to City Council to award the design contract, which is tentatively scheduled for March 2024. Once a Notice to Proceed is issued to a landscape architect for the project, the design phase is anticipated to take approximately 8 months to complete 100% Construction Drawings and Specs.

II. EMERGENCY SOLUTIONS GRANT (ESG) PROGRAM

Emergency Housing Program **\$33,703**
Ascencia

Ascencia is requesting \$33,703 in ESG funding for operations of its existing 45-bed year-round Emergency Housing Program for homeless families and individuals. The program

is proposing to serve 180 unduplicated clients with the length of stay ranging from 90 to 120 days. Ascencia is located at 1851 Tyburn Street in Glendale; it is the only year-round homeless shelter in the City of Glendale. It is also one of the few shelters in Los Angeles County that accepts families and individuals, including families with teenage children, single fathers, and pregnant women. Ascencia uses a client-centered “whatever it takes” approach to ensure that clients remain stably housed whether participate in rapid re-housing or other options. This approach unfolds in a five-stage process: 1) outreach and engagement; 2) assessment; 3) short-term case management to address immediate needs; 4) housing search and placement; and 5) post-placement services to help clients integrate into the new neighborhood and achieve stability. Ascencia’s Access Center which serves as Glendale’s Coordinates Entry System will leverage screening, assessment, and case management services. This may include medical and/or mental health treatment, money management, employment assistance, substance abuse treatment, parenting training, benefits advocacy, family law assistance, transportation planning, and life skills. Ascencia’s three-person outreach team aid in building rapport with clients and acting as initial contact and conducts preliminary needs assessments. Ascencia works closely with first responders, including Glendale police, the fire department, and hospital emergency rooms, to initiate services for people who are homeless. Ascencia actively participates in a variety of coalitions, as well as public and private meetings such as Glendale Domestic Violence Task Force, Glendale healthier Community Coalition, Verdugo job Center Management Collaborative, etc.

**Loaves & Fishes Homeless Prevention Program – ESG
Catholic Charities of Los Angeles, Inc.**

\$37,236

Catholic Charities of Los Angeles, Inc. shall receive \$37,236 in ESG funding to provide financial assistance to 50 households in the Glendale area. The Loaves and Fishes Homeless Prevention Program provides case management and social services to poor and low-income individuals and families who are at imminent risk of becoming homeless. These families live primarily at poverty and low-income levels, with most receiving public assistance and free or reduced price school meals for children. Many are non or limited English speaking immigrant families who have come to Los Angeles from various South and Central American, Middle Eastern and Asian countries; most are first or second generation immigrants. A large portion of the clients seeking help reside in the 91204 and 91205 zip codes, the area immediately surrounding the Glendale Community Center. The program provides case management services in addition to financial assistance to individuals and families meeting the following criteria: a) have received an eviction notice or Notice of Termination of utilities services; b) need security deposit or a portion of rent for an individual/family who is at-risk of homelessness to move into his/her own apartment; c) need mediation or advocacy with the landlord or the utility company; and d) need case management and follow-up supportive services to prevent homelessness. Of the \$26,027 being requested, \$24,427 will be used for direct assistance and the remaining \$1,600 will be used for administrative costs.

**Domestic Violence Housing & Emergency Shelter Program
\$26,500**

YWCA of Glendale

The YWCA of Glendale is requesting \$26,500 for the ongoing operation of their Sunrise Village Emergency Shelter and to provide housing/homeless prevention services for women and their children who have become homeless as a result of domestic violence. The YWCA proposes to serve a minimum of 100 unduplicated households for FY 21-22. Access to the emergency shelter is through the emergency shelter 24-hour hotline and drop-in center. Services are designed to help domestic violence victims and survivors achieve and maintain safety during and after their 45-90-day stay in the emergency shelter. Clients are provided with support that includes survivor-driven housing advocacy, housing stability, community engagement and financial literacy. Clients are provided with food, clothing, emergency transportation, case management, counseling, information and referrals, and advocacy. In addition, Sunrise Village provides multiple activities and scheduled programs for women and their children, including parenting classes, individual and family counseling. The goal of the DV Housing and Emergency Shelter Program is to provide services to empower women and their children

ESG Rapid Rehousing for Unsheltered Families

\$51,365

Home Again Los Angeles

Home Again Los Angeles is requesting \$51,365 for the ongoing operation of a Rapid Rehousing (RRH) Program for unsheltered families. The RRH program is designed to mobilize unsheltered families with children in Glendale into permanent housing while giving them the comprehensive case management services that lead to self-sufficiency. Services rendered include: CES assessments, housing navigation, security deposit assistance, up to six months of rental assistance, and stabilization services that include financial education and employment securement. The purpose of the project is to transition unsheltered families back into housing and provide them the financial support needed to overcome their barriers.
