RDC	kWh	\$0.0159	\$0.0000	\$0.0000	\$0.0000	\$0.0000	\$0.0000

Note: Reservation Charge is a monthly charge applied to the contracted amount of standby capacity, typically aligned with generation capacity (kW) of the customer-owned generation resource.

- Supplemental Service Charge is only applicable to the portion of power and energy required by and delivered to the customer in excess of the customer self-generation. This charge aligns with the standard LD-1-A charges.

- Backup Service Charge is applicable during an unscheduled outage of the customer-owned generation resource and applied to the demand and energy consumption typically served by the customer-owned generation.
