From: Daniel Hernandez, Director of Public Works

Subject: Appeal of Decision by the Traffic and Parking Commission regarding
the Installation of All-Way Stop Controls at Adams Street and Scofield Drive

This memorandum is a formal communication and submittal of an appeal to the City Council relating to the Transportation and Parking Commission decision not to approve staff's recommendation for the proposed installation of all-way stop sign traffic controls at the Adams Street and Scofield Drive intersection.

Staff followed all steps and requirements included in the Neighborhood Traffic Calming Program for consideration of all-way stop controls, including the requisite engineering studies, coordination with emergency services and confirming community support via petition. The Transportation and Parking Commission meeting is available for viewing at <https://www.youtube.com/watch?v=tlxk4rcwClw>.

Staff respectfully recommends that City Council consider the approval of the recommended all-way stop controls at Adams Street and Scofield Drive.

Thank you,

A handwritten signature in blue ink, appearing to read "Daniel Hernandez", is written over a blue circular stamp.

Daniel Hernandez
