Certify No Violation

Engaged in Regional Planning

Engaged in regional planning is defined as participating in and contributing to regional planning, regional plan implementation, and regional performance negotiations. The Local Area herby certifies that it has participated in and contributed to regional planning and negotiating regional performance measures in the following ways:

- The VWDB's, Executive Director, Judith Velasco participates on all scheduled Los Angeles Basin Regional meetings. If Ms. Velasco cannot participate, a Verdugo staff participates on behalf of the organization. Previously, the VWDB has hosted regional meetings at their AJCC location and provided support by taking minutes for the meeting and organizing all meeting logistics.
- The VWDB is the lead board to coordinate the Communication Strategy on behalf of the Los Angeles Basin Regional Planning Unit (LABRPU). This includes managing the procurement process for selecting a communication consultant to work with all boards and ensure a consistent and effective messaging for the region. Responsibilities include, but not limited to, identifying the appropriate marketing tools to ensure the region's promotion of regional workforce development activities to all stakeholders. Currently the VWDB is managing the regional website: <u>https://www.labwn.com</u>
- The VWDB is currently supporting the Regional Plan by inviting our local stakeholders to participate in meaningful discussions as well as providing needed information to incorporate in the plan. Issues that pertain to the Regional Plan were discussed in the public meetings to prepare the Local Workforce Development Plan, including: the impact of the COVID-19 pandemic on businesses and AJCC customer, participant and business needs as a result of the pandemic and Shelter in Place Executive Order, workforce development system redesign in response to the pandemic and partner coordination. Minutes and the summary of attendees was submitted to the LABRPU Regional Coordinator to include in the Regional Plan.
- The VWDB staff provided any support to regional grants including not limited to P2E and Slingshot 2.0, 3.0 and 4.0. For the P2E grant, VWDB staff reviewed the grant application and wrote sections of the grant and revised other sections accordingly, in the spirit of regional collaboration and investment in regional success.
- The VWDB has participated and referred clients to regional grant initiatives such as the regional apprenticeship programs called "Aeroflex" that allows for manufacturing and aerospace companies to participate in identifying local talent that can help them with their job needs.
- The VWDB, Executive Committee Members, attended a special Board Member regional meeting that included board members from all seven boards that comprise LABRPU. The purpose of the meeting was to discuss and engage in common workforce issues across all boards in implementing WIOA and serving priority populations.
- The VWDB submitted the Slingshot 2.0 grant proposal on behalf of the region to implement strategic co-enrollment across the region. Through our successful Verdugo Computer Numerical Control (CNC) Machinist Academy for students with intellectual

disabilities, founded in Glendale in 2015, Verdugo has a proven co-enrollment strategy. This model was shared with the other six local boards and used as the foundation for developing a strategic co-enrollment process for the region. This process allows for coenrollment and co-case management, implementing WSD 19-09, across local boards. As contributors to WSD 19-09, Verdugo provided the technical assistance and let the project to design and pilot the strategic co-enrollment process across all seven boards. To date, all seven boards have piloted the co-enrollment system with at least one coenrollment with another board. This system will be fully implemented to facilitate the co-enrollment of participants in any career pathway or apprenticeship in the LABRPU. This co-enrollment will maximize the opportunities available for participants to gain the technical skills they need to earn competitive wage and achieve economic equity.
