Dear Mr. Joe,

I am the resident/home owner of 1241 Corona Drive and I am writing to you (again) regarding the on-going appeals over the vacant hillside lot at 1248 Corona Drive. That lot is not fit for construction. I remain steadfastly opposed to any and all building on that slope and you should too. The developers have posted tall, wooden stakes and hung red flags along them, indicating the area they wish to build upon. And even those stakes aren't stable in this ground. 5 of them have fallen into the street on Corona drive, blocking through traffic, to be picked up and moved by me and other home-owners. Please stop by sometime and see what an outlandish building request this is.

How many more times must we all fight this? Where is our city government on this issue? Please stop it now.

Insistently,
GC Wright
