

## **M O T I O N**

Moved by Council Member \_\_\_\_\_, seconded by Council Member \_\_\_\_\_, that the City Council has reviewed the September 20, 2022, staff report from the Interim Director of Community Development regarding Consideration of a Moratorium on Developments with New or Converted Drive-through Waiting Lanes in the City ("Report"), and hereby directs staff to undertake and complete a study and review of the potential physical, social and environmental impacts of new and existing drive-through waiting lane developments in the City, the impact of the current design, development and other land use standards and requirements on such development, including, but not limited to, whether there is a need for additional drive-through waiting lane development in the City, as further described in the Report and pursuant to City Council direction at the meeting.
