Written Protest to Proposed New Solid Waste Rate Increase

Dear C of G Waste Management Department:

I oppose the new rate increases described in the Notice of Proposed Rate Restructuring. I appreciate the Department's level of service to customers! I am glad Glendale is recycling appropriate food waste with Green Waste, but wonder what you are doing with all of the clear plastic bags you ask customers to put it in. Some other cities have been doing this much longer, and don't require plastic bags, which you must have to remove because they are Trash, not Green Waste. Recycling Market Disruptions Issue should consider that extra fees for many cans and bottles are collected from customers at points of purchase, which should also be required to accept those cans and bottles back for refund of the fees – but rarely do! Imminent closure of Scholl Canyon Landfill is a sore subject for residents of Scholl Canyon, because it should have happened years ago, and an increase in fees back then would have been heaps alot cheaper! Please consider giving long-suffering Scholl Canyon residents a break on that one – it stank on hot weather days for years and the air quality was probably way worse than we knew! Thanks Sincerely for your consideration,

Name & Original Signature of Property Owner,
Janet Brunie:

ANN SEGAL

517 Spencer Street Glendale, CA 91202 ☎ 818/956-0452-cell 818/259-8749

January 10, 2023

City of Glendale, City Clerk
613 East Broadway, Room 110
Glendale, CA 91206

Attention Glendale City Clerk:

I am a 50-year + resident of the city of Glendale. I am a homeowner since 1976.
I am sending this communication in relation to the proposed solid waste rate increase
being discussed and proposed by the Glendale City Council. I am opposed to the proposed rate increase.

My property is located at 517 Spencer Street, Glendale, CA 91202-1513; I am the registered owner
of the Ann M Segal Trust. My name is Ann M. Segal.
My APN parcel # is **Assessor's ID No: 5634-010-013.**

The proposed rate increase is not reasonable and considered outrageous. The proposal will impose
undue stress and anxiety to a majority of Glendale homeowners.

I was a California Real Estate **Broker** for 41+ years (1979-2022) License #00626914 - Retired.
Also a certified California State **Residential Appraiser** for 21+ years(1993-2014) #015334- Retired.

These proposed increases will adversely affect the overall values of real estate assets held
by owners of properties in the city of Glendale. Please reconsider the impact of the rate increases.

Sincerely,

Ann M. Segal,

Owner

RE: Protest of new solid waste rate increase

Dear City Council,

I have lived in Glendale since 1984 and 69 years of age. I protest the proposed solid waste rate increase as it would bear a financial hardship on residents on fixed incomes already struggling with the highest rate of inflation we are already suffering.

Thank you for considering Glendale's Senior Citizens.

CITY CLERK

2023 JAN 11 AM 8:21

January 6, 2023

David Watro
745 Cordova Ave.
Glendale, CA 91206
A.I.N: 5646 029 011

Subject: Objection to proposed Increase in solid waste rates

To whom it may concern;

I have been made aware of a plan to increase Glendale solid waste pickup rates. I strongly OPPOSE the proposed rate increase. You should be finding ways to decrease the cost of waste removal, not increase them. At the very least, the increase should not be as dramatic as proposed.

I have read the report made for you by the consultants and I disagree with the conclusions. You as a body need to work for your constituents to find a cost effective solution to waste collection and disposal. Simply solving problems by raising our fees is not acceptable.

Suggested cost reductions.

Reduce the frequency of waste collection to once every two weeks.

Find ways to localize and recycle what is placed in recycle bins. Shipping to another state or country is not acceptable. Come up with a way to recycle plastics and paper locally. Find a creative way to make this process profitable or at least self funding.

If the recycling of plastics can no longer be sustained due to lies by the plastics industry, let's start to outlaw their products and start reducing our dependance on them. Glass and paper are still recyclable, let's push for more use of those and less of plastics in product containers and packaging.

If no savings can be found, then give residents the option to opt out of waste collection and provide us a location where we can drop off waste and recycling at our cost.

Sincerely,

DAVID WATRO

January 7, 2023

TO THE GLENDALE CITY COUNCIL:

Re: January 10, 2023 Public Hearing/Proposed Rate Restructuring and Increase of Solid Waste Rates

This letter is submitted in opposition to and protest against the proposed solid waste increase – and - the revised Ordinance Relating to Solid Waste Rates. As your constituents, we ask that you reject the proposed rate increases as currently set forth. They are too high, too fast. A nearly tripled rate within less than two years is unreasonable and unconscionable. If changes in Sacramento are to blame, then push back against Sacramento, rather than passing this on to your tax paying residents. This is a tipping point.

In compliance with your stated rules:

1. We (Jon Burleson and LauraLee O'Shell) own the residential property located at 1400 Andenes Drive, Glendale, CA 91208.
2. We (Jon Burleson and LauraLee O'Shell) oppose the proposed rate increases.
3. This letter is being mailed for delivery to the City Clerk by January 10, 2023.

We are unfamiliar with how the "protest rules" came about, but it seems they are guaranteed to make it so that a majority of property owners' objections to this outrageous gouging of the residents of Glendale are not heard or counted. In other words, the fix appears to be in, such that there will never be a "majority" of opposition in qualifying writing. No consumer would ever be agreed to such a rapid rate increase; maybe the rule should require those who agree to send in such a letter .

Sincerely,

Jon Burleson

RE: Proposed Rate Restructuring and Increase of Solid Waste Rates

Dear Sir or Madam,

I am writing to express my strong opposition to the proposed rate increase and restructuring of solid waste fees.

I understand that we're going through a time of high inflation and that the needs of properly dealing with waste have changed. However, that does not justify more than DOUBLING the fee and increasing it year over year by a percentage that is MUCH HIGHER than inflation would be.

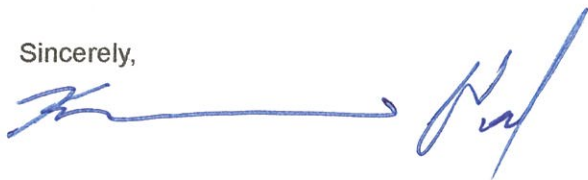

It also particularly upsets me to see that a single family home would pay the same amount as a multi-family unit of 2-4 families. Such residences have landlords whose tenants will generate more trash that needs to be sorted through than a single family home. The landlords can also more easily afford such an increase

Clearly times change and prices increase but somehow the trash has been being collected without a massive increase in budget. If the cost should have been increased steadily for a while, that does not justify suddenly hitting everyone with such a massive increase.

I'm not suggesting that the budget should not be increased but to do so at such a high percentage, and to make the single family owner take on so much of that cost is completely unfair and illogical.

Enclosed, please find my proof of residency.

Sincerely,

CITY CLERK
2023 JAN 17 PM 1:13

Mayor Kassakhian, Council Members Elen Asatryan, Ara Najarian and Paula Devine:

I am part of a three-partner LLC that owns two apartment buildings in Glendale located at 1105 and 1109 N. Louise Street. In the first part of 2021 we were paying \$119 to the City of Glendale for refuse pickup for the larger building, when Athens took over, our refuse collection increased to \$475 per month, four times what we had been paying. I would have been shocked at twice as much, you can imagine having it increased four-fold. We received a letter from the city stating that the increase would be minor and fair. Given what landlords have been through during the pandemic, asking us to again pay a lot more for refuse is killing us. On top of all the money, Athens has the worst customer service – you try calling it sometime. They don't return calls, they don't pick up the refuse sometimes, and for this we get to pay four times as much, what a bargain, huh?

If you put this next increase on us, I will do everything I can to see that you are defeated next time you run.

Thanks for nothing.

City of Glendale
City Clerk
613 East Broadway, Room 110
Glendale, California 91206

To whom it may concern:

I'm writing in opposition of the proposed Glendale solid waste rate increases.

I purchased the house in November of 2021. Since then, I've had to contact the Department of Integrated Waste Management, multiple times regarding uncollected trash and/or recycling. And I've heard similar complaints from my neighbors, and have seen others complaining of the same on Neighbors.com and Nextdoor.com.

Now I'm finding out that I will be charged even more for services that I currently don't even receive regularly??

I understand costs are going up everywhere. But unless Waste Management fixes the issues that plague them, I cannot and will not support paying regularly for services I don't receive regularly.

Also, I have yet to see justification for the insane rate increases I'm seeing – a 228% rate increase by next year??? Our utility bills are already ridiculously high. I'm not even sure how elderly people are coping but your proposed increases will surely hurt them the most. Shame on you for being inconsiderate of our most vulnerable population.

I strongly oppose **all** of the proposed solid waste rate increases.

Sincerely,

A handwritten signature in dark ink, appearing to read "Tamara Blain", with a long, sweeping horizontal line extending from the end of the name.

* I would like to know how many protest forms are submitted and how many protests would be necessary to avert the proposed rate schedule.

If I understand correctly, it would take 50% + 1 of the parcels in the city to protest to halt the increase.

If I understand correctly, I suggest that is a real "back room deal".

Glendale, California 91206

To whom it may concern,

I am a long time resident of Glendale, and this is the first time I've ever had to write a letter in protest of rate increases. I find the proposed "restructuring and increase of solid waste collection rates" absolutely outrageous and drastic (up to 492% of the current rates taking place over the next 4 years). Residents are still recovering from pandemic setbacks, and this increase would only harm those with fixed incomes already suffering from a slough of other increases.

If per the 1.10.23 city council meeting, the rates have not changed since 2010, why have there not been reasonable solid waste rate increases every year since that time? Why has the city council kicked the can down the road, leaving us with these unprecedented increases? There needs to be alternative solutions to this debacle or revenue will decrease from people moving out of the city. Consider this my official protest to the proposed solid waste changes.

As a person living alone, I do not generate enough trash to warrant a weekly pick-up. I'm 72 years old. this is excessive for one or two pick-up per month. this was bad management on your part to "make up" in 2 years. Shame on you! This will be a real hardship.

CITY CLERK 1/13/2023
2023 JAN 20 AM 9:57

Council Members;

As property owner as listed below,
I object to the rate increases as
listed in the Notice of Public Hearing.

I am aware that price increases are
required for these services but
frankly this rate of increase
is absurd. I would propose a
~~rate~~ rate increase over an extended
period of time at a lower rate.

We are on a mostly fixed income
and will be hard pressed to pay
the proposed increases.

The honorable Glendale City Council

Re: Ordinance Relating to Solid Waste Rates

David North owner of property at 3429 Downing Ave Glendale CA. 91208
Is opposed to the proposed solid waste rate increases

My calculation shows a 385% increase which seems excessive

Current Rate	Proposed Rate
\$18.34	\$65.70 Monthly Rate
	\$4.87 Adjustment Amount
\$18.34	\$70.57 Total Monthly Rate

$70.57/18.34 = 385\%$ Percent Increase

I would like a break down of how this amount will be used for monthly trash collection;

Example: Cost of Labor
Cost of trash disposal
Cost if recycle processing
Etc.

I would also like to see the corresponding monthly trash collection fees from surrounding like size cities for comparison.

I would also like to know what the monthly fee would be if this was contracted out to a private trash collection company.

Respectfully submitted

David North

This letter is to protest the proposed
solid waste rate increase.
An increase of 175% in less than one year
is outrageous.
Nothing or no one has ever deserved a
175% increase. No! To this proposal.
10% even 20% maybe, but as someone
of fixed income this is insulting. No!

City of Glendale, City Clerk

We (me and my wife) are against rate increase base on the following reason:

1. We are seniors, residence of California for 35 years.
2. Working 35 years paying federal, local and property taxes.
3. I am 82 years and my wife is 72 years old, we are living on Social security Fixed income.
4. In our neighbors there are household with 3, 4, 5, 6 person living together which generating more garbage than 2 person. It can't be treated all with same rate increase.
5. Rate increase of 138% is ridiculous.
6. We are using a big size of garbage cans (64). We do not generate lots of garbage weekly; therefore please provide us smaller garbage cans.

Please take all of above reason in consideration for rate increases.

Thank you and we are hoping to get fare rate increase.

Ardoush & Sonia Baghdasarian

Tract No 11225 E 1 Ft measured at R/A to E Line of Lot 3 and all of Lot 5
Prince, Donna Co Tr
Prince and Molyneux Trust

We are protesting the massive solid waste rate hiked proposed by the city. We have lived in Glendale for 20 years and would expect that there would be a reasonable rate increase over time. But first the 182% increase and then moving up to a 358% increase is more than a hardship for us and for most of the residents of Glendale.

If you were remiss in increasing rates over the years to adequately cover costs, you cannot expect us to bear the burden of your mistakes in one step.

Donna Prince

Louise C. Phelan
120 Cumberland Rd.
Glendale, CA 91202

Assessor's ID #: 5632018005

Dear Glendale City Council,

I think the new trash proposal is a very bad idea. The city of Glendale does a very good job of collecting the waste material. The private companies I have seen operating on city streets are a safety hazard. The trucks that take the trash containers present a danger to drivers and pedestrians. The actual collection trucks block roadways, and in many cases, cross to the wrong side of the street to make pick ups.

The cost of natural gas has more than doubled. Food costs are up, many people are losing their jobs and rent and mortgages. Mortgage rates are increasing. All of this is too much of a burden on residents. This is not a small or a medium increase that is being considered for the trash proposal.

Please reconsider the changes. It does not seem to be the right time to add more financial stress to the residence of Glendale.

Thank you,

Louise C. Phelan

Re: Proposed Solid Waste/Refuse Rate Increase

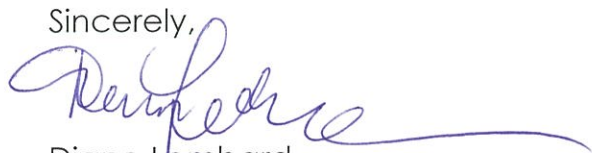

My name is Diane Lombard and I live at 2431 N. Verdugo Road (Assessor Parcel Number 5653-016-017). I purchased this home in 1996 and am the owner of record. Please be advised that I am opposed to the City's proposed refuse rate increase. These proposed increases are especially onerous for Senior Citizens and those living on fixed incomes.

Please consider this written letter as a formal protest to the proposed increases.

I understand the need to increase, I just wished this had been done with better thought. I did view the last City Council meeting and there didn't seem to be any resolution and it almost felt like hands were being throw up in the air and "there was nothing to be done" (might not be Dan's exact words, but close). I agree with the one woman who spoke up and funds for the wash project could be shifted.

I also think if there was an option to pay our bills monthly instead of every two months this could soften the blow of such a huge increase. That is something that could be done. It helps with monthly expenditures for everyone trying to budget their money.

Sincerely,

Diane Lombard

RE: City of Glendale Refuse Rates Proposal

Mayor and City Council Members:

I have lived in the City of Glendale for over 25 years. **I am writing to protest the significant rate increase proposed by the Department of Public Works to take effect from 2023 through 2027.**

Following are my key arguments:

1. The proposal penalizes single family homes, especially solo homeowners, who use the small 64-gallon cart, by slapping a 137% fee hike or \$16.04 more per month.
2. Homeowners who use the larger 96-gallon cart will receive a 73% fee hike or \$13.33 more per month.
3. **Why are households that USE less waste being disproportionately penalized?**

3A. Page 25 of *MSW Consultants' Solid Waste Cost of Service Study*, titled "Percent of Customers Affected", states:

5,333 Customers, who use the **64-gallon cart** represents 16% of Total Customers Affected, will receive a 137% adjustment.

18,691 Customers, who use the **96-gallon cart** represents 56.1% of Total Customers Affected, will receive a 73% adjustment.

Where is the logic of putting the financial burden on households that waste less?

4. I only put the black trash and blue recycling carts for curbside pick-up once a month.

As a responsible citizen and homeowner, I recognize the need for rate changes to keep city services functioning.

5. However, rate increases that impact thousands of residents should be scheduled with measured implementation timelines so we can prepare budgets accordingly.
6. The Department of Public Works did not have the vision to create a long-term plan that takes into account our changing climate and its impact on waste management. Climate crisis has been on the radar for two decades!

Thousands of Glendale homeowners should not be penalized due to the mismanagement of the Department of Public Works and Integrated Waste Management.

Approving a collection service increase by 137% followed by 25% within 5 months in the same year is unconscionable and irresponsible. I urge you to reject the current proposal and require the DPW to develop a rate proposal that is fair, measured and with a realistic implementation timeline.

Sincerely,

Victoria McCoy

1-25-23

This letter is in opposition to the proposed ridiculous rate increase for our sanitation services.

Our home address is 2030 Rangerview Drive, Assessor's number 562 0010036. We have owned this home for over 40 years and have never experienced an increase of this magnitude. In the past six months the trash service has become worse and now we get to pay more for the bad service.

In times like these, with inflated prices and a recession looming, a rate hike is crazy. This will be another factor adding to the growing homeless population.

Where does it end? Now is not the time.

Thank you,

Cynthia Sadofsky

Dear Dr. Suzie Abajian,

I am a property owner here in Glendale, CA, APN;
5623-038-019.

I have lived in Glendale for 60 years and am shocked at the proposed rate increase for our sanitation services for single family residences. In my entire life, I have not experienced a rate increase of this kind, and it could not come at a worse time. People of the City of Glendale and elsewhere are suffering tremendously with inflation and cost of living increases. This is just another punch in the gut of hardworking families that need relief, not obnoxious rate increases.

I was born here and was planning to spend my entire life here, but with rate increases like this, it makes me take pause and wonder exactly what the City of Glendale intends to offer for this proposed ridiculous rate.

In February 2023, the new rate will be 182% as a percentage of the 2022 rates. On July 1, 2023, the rate will be 228% as a percentage of the 2022 rates. In July 2024, it increases to 285% of the 2022 rates. In July 2025, it will be 308% as a percentage of the 2022 rates. In July 2026, the figure is 333%. And in July 2027, the new rate as a percentage of the 2022 rates is 358%. Shameful!

This 358% increase is outrageous and especially cruel we near a total recession how can this be possible, we are all strapped as it is. I look forward to a Public Hearing so that we may voice our concern.

Suzie Abajian
Glendale, CA

Dear Dr. Suzie Abajian,

I am a property owner here in Glendale, CA, APN; 5623-038-019. I have lived in Glendale since 2010 and am shocked at the proposed rate increase for our sanitation services for single family residences. In my entire life, I have not experienced a rate increase of this kind, and it could not come at a worse time. People of the City of Glendale and elsewhere are suffering tremendously with inflation and cost of living increases. Our gas bills have skyrocketed along with the other basic essentials that a person/family needs to live the humblest of lives. This is just another punch in the gut of hardworking families that need relief, not obnoxious rate increases.

I was planning to spend my entire life here, but with rate increases like this, it makes me take pause and wonder exactly what the City of Glendale intends to offer for this proposed ridiculous rate. There can be no justification for this insanity.

In February 2023, the new rate will be 182% as a percentage of the 2022 rates. On July 1, 2023, the rate will be 228% as a percentage of the 2022 rates. In July 2024, it increases to 285% of the 2022 rates. In July 2025, it will be 308% as a percentage of the 2022 rates. In July 2026, the figure is 333%. And in July 2027, the new rate as a percentage of the 2022 rates is 358%. Shameful!

This 358% increase is outrageous and especially cruel as we inch closer to a total recession. How can this be possible, we are all strapped as it is after narrowly making it through the pandemic.

I look forward to a Public Hearing so that I may voice our concern. Please consider this letter a protest to the City of Glendale's solid waste rates.

Sincerely,

Susan Stepanian

RE: Protest Proposed Rate Increase for Solid 'Waste Disposal

I, Kelley W. Forde, owner of the house at the above address and APN, oppose the proposed rate increases. The City has provided no data on the operating history of the service to establish any basis for evaluating its claims about past, present, or future costs. The City has provided no precise rationale for the rates of increases. Until such data and reasoning are made available for comment and discussion, I oppose any increase.

Kelley W. Forde

*"Great Apartments Start
Here!"*

reducing the proposed fee increases, implementing the increases more uniformly over the five-year period, so that small owners are not subject to the proposed initial rate adjustment and further 25% increases all within the next two years. In addition, we urge the City Council to establish a city-funded rate assistance program for residents in need or at minimum provide an opportunity for residents and rental housing providers financially impacted by the pandemic to apply for rate increase deferments and repayment plans, to allow those city residents who are still struggling time to financially recover. Lastly, we urge the Council to direct the Department to further assess its operating budget and look to reduce costs, wherever possible, before passing such significant increases onto customers particularly after property owners have endured nearly three difficult years of imposed COVID-19 regulations and as we are now heading into a recession.

Thank you for your time and consideration of these important issues. If you have any questions, please call me at (213) 384-4131; Ext. 309 or contact me via electronic mail at danielle@aagla.org.

Very truly yours,

Re: Solid Waste Collection Rates (Agenda Item 9a)

Dear Hon. Mayor Kassakhian and Members of the Glendale City Council:

At the January 31st City Council meeting, the Council will continue a public hearing and consider approving a resolution to restructure and significantly increase the City's solid waste collection rates for single-family and small multi-family customers with less than five units. As the Council considers these rate increases, the Apartment Association of Greater Los Angeles (Association) urges your consideration of the concerns and recommendations set forth herein.

While the Association can appreciate that the City's solid waste collection rates have not been increased since 2010 and the related increased City costs including those due to State law changes during that period; we are extremely concerned by these proposed increases which will result in an immediate, astronomical rate adjustment averaging approximately 85% on February 1, 2023 and a five-year plan that would institute further exorbitant increases of 25% over the next two years, with smaller but still significant increases of 8% for each of the three years thereafter.

For the last nearly three years, due to COVID-19 mandates, some of which currently remain in place, rental housing providers, particularly the small independent property owners, have experienced severe financial hardships resulting from challenging rent collections combined with astronomical increases in all types of building and operational costs which have only skyrocketed during the current hyperinflationary period. Consequently, many of our members who are small business rental housing providers, have depleted retirement and other savings or financed critical items with credit cards in order to maintain essential building operations and pay for essential, personal needs, with many now contemplating or being forced into leaving the business entirely.

Due to these extremely challenging financial circumstances, as the City Council contemplates the proposed rate increases, we urge the Council to be cognizant of the impact of the increases on the City's rental housing providers at a time when they are already subject to significant financial pressures and consider further modifications. Accordingly, we request that the City Council consider

Protest of Proposed Sanitation Fees

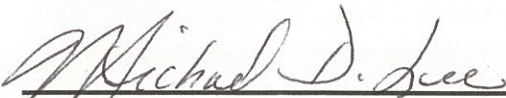

1/30/2023

As a 37-year resident of Glendale, I strongly protest these new fees. While I want our city to always look its best and to be always clean, it should be able to be accomplished without raising your rates so outrageously high. I have never seen rate increases like those being proposed and I am totally against them. I do understand the need to increase rates, but not like this proposal.

JAN 27, 2023

RE: SANITATION Fee Protest

As a Glendale homeowner for 37 years & a resident of Glendale for 60 years, I find this proposal deplorable & greedy. Who do you think will be able to live in this great city with its exorbitant housing costs & now a 182% increase in the sanitation fees. I think we deserve better & you can do much better.

Glendale, CA 91206

To Whom it may Concern,

I wish to state my opposition to the outrageous hike in sanitation fees. I understand that all costs cannot remain the same but let's be fair to the residents of Glendale. A raise based upon the previous year's cost of living would be a fairer and more palatable adjustment.

Many of Glendale's residents, myself included, are seniors who are retired and on fixed incomes. Our Social Security payment increase for 2023 was 8% yet you are proposing to raise our solid waste rates this year by 182% and by 358% in the next five years. I seriously doubt that our social security adjustments will be anywhere near your proposed increases.

With these outlandish increases, where do you expect seniors, many of whom already live frugally, to come up with the extra money? Shall we give up medication, medical care, heat, car insurance, property taxes, food or any of the other essentials needed for our protection and survival? In addition, it will be detrimental to the city and our property values if we are no longer able to afford maintenance to our homes.

Sincerely,

Glendale News-Press

LETTER TO THE EDITOR

Residents Need to Protest Sanitation Fee

Extremely important: The Glendale City Council has extended the on the sanitation fee rate hike to Jan. 31. Protests are needed from more than 50% of Glendale homeowners and renters.

The opportunity to protest is Tuesday, Jan. 31. Protesters must appear at City Hall by 6 p.m. Tuesday. Residents can also attend the City Council meeting at 6 p.m. to voice their protest; however, they must also submit protests in writing, as well.

Unless contested, Glendale's solid waste rates will almost QUADRUPLE (358%) over the next 5 years:

Date of Increase	New Rate as a Percentage of 2022 Rate
2/1/2023	182%
7/1/2023	228%
7/1/2024	285%
7/1/2025	308%
7/1/2026	333%
7/1/2027	358%

All Glendale homeowners: Please take the time to file a protest in order to stop this proposed quadrupling of your Glendale solid waste rates.

How to Protest The Proposed Rate Increase: If you are the owner or tenant of a parcel(s) subject to the proposed solid waste rates or any fee directly responsible for the payment of solid waste services provided by the city, you may submit a written protest against the proposed solid waste rate increase. If written protests are filed by a majority of the affected property owners, the proposed solid waste rate increase will not be imposed.

Any written protest must:

1. State that the property owner or tenant is in opposition to the proposed rate increase.
2. Provide the location of the identified parcel (by Assessor's Parcel Number and street address), and
3. Include the name and original signature of the property owner or tenant submitting the protest. If the party signing the protest is not shown on the last equalized assessment roll of Los Angeles County as the owner of the parcel(s), the protest must contain, or be accompanied by written evidence that such party is the owner, or the tenant, of the parcel(s).

Written protests regarding the proposed new solid waste rate increase may be mailed to: City of Glendale, City Clerk, 613 East Broadway, Room 10, Glendale 91206. Written protests may also be personally delivered to the City Clerk at this address. To be valid, a protest must be in writing and received (not postmarked) by the City Clerk prior to the close of the public hearing on Jan. 31.

Oral, telephonic and email protests will not be accepted. Because an original signature is required, emailed, faxed and photocopied protests will not be counted. Oral comments provided at the Public Hearing will not qualify as a formal protest unless accompanied by a written protest.

Dear City of Glendale:

I am writing to oppose the rate increase proposal for Glendale solid waste.

This increase comes at a time when our residents are struggling to make ends meet, facing astronomical rate increases on our gas bills and an inflation that doesn't seem to slow down. The City creates a number of unnecessary expenditures and then makes its residents pay for them through these rate hikes. This is not a solution to anything, it's creating new problems for us, the residents.

I am a single retiree and cannot afford any more increases!

Your truly,

Gerardo Paron

**RE: OPPOSITION TO PROPOSED SOLID WASTE RATE INCREASE
(SANITATION FEE RATE HIKE)**

Dear Dr. Abajian:

This purpose of this letter is to inform the City of Glendale that as the owners of the below-referenced property, we are strongly opposed to the proposed solid waste rate increase (sanitation fee rate hike).

The location of our property is: APN 5632-023-010
324 Lawson Place

According to our calculations, the bi-monthly fees for our property's trash service would rise from about \$240 per year to about \$775 per year. We cannot, in good conscience, allow this exponential rate increase to occur, nor should our honorable mayor or esteemed city council persons.

Our names and original signatures, as property owners are in the closing lines below.
We appreciate your service to Glendale.

Sincerely,

Lee W. Smith

Lee W. Smith

Francesca G. Smith

January 30, 2023

City of Glendale
City Clerk
613 E. Broadway, Room 110
Glendale, CA 91206

Dear City of Glendale and Glendale City Clerk,

My name is Kristin M. Burke, and I am in opposition to the proposed rate increase for Glendale's solid waste rates.

My address is: 1940 W. Kenneth Rd., Glendale, CA 91201

My Assessor's Parcel Number (APN) is: 5621008040

As it is, I take my bins out to be picked up once per MONTH. I am a minimum-waste household, and this increase is an insult to my efficiency.

I suggest you find a way to encourage similar efficiency in your budget while encouraging conservation and waste management among local customers. Working together, we can all do better.

The proposed rate hikes are ridiculous. Literally, laughable. Who even thought that these should be brought forward with a straight face? They certainly have a bright future in comedy.

Thank you,

A handwritten signature in dark ink, appearing to read 'Kristin M. Burke', with a horizontal line extending to the right.

Kristin M . Burke

City of Glendale
City Clerk
613 E. Broadway, Room 110
Glendale, CA 91206

Dear City of Glendale and Glendale City Clerk,

My name is William Endjilian, and I am in opposition to the proposed rate increase for Glendale's solid waste rates.

My address is: 1936 W. Kenneth Rd., Glendale, CA 91201

My Assessor's Parcel Number (APN) is: 5621008041

I suggest you find a way to encourage similar efficiency in your budget while encouraging conservation and waste management among local customers. Working together, we can all do better.

The proposed rate hikes are ridiculous. They will hurt people on a fixed income, the elderly, disabled and retired. This is a large sector of Glendale's population and it seems a callous move. I urge you to reconsider.

Thank you,

William Endjilian

Dr. Suzie Abajian
Glendale City Clerk
City of Glendale
613 East Broadway #110
Glendale, CA 91206

Dear Dr. Abajian,

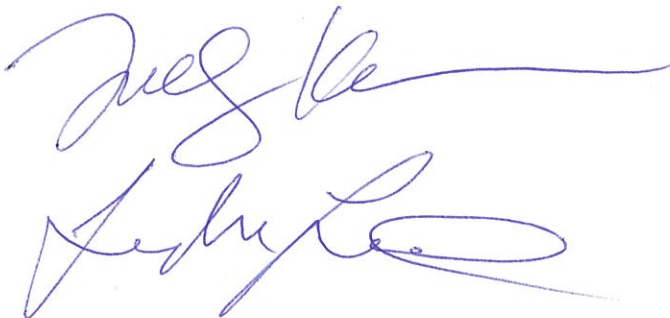

We are writing to oppose the City of Glendale's proposed rate increase for solid waste disposal. We own a home at 1644 Bel Aire Drive, Glendale 91201. The APN is: 5622-119-003-00-000.

The cost of living is soaring right now and it seems like the cost of everything is going up: eggs, gasoline, gas to heat our home. This is not a good time for another hit to our cost of living. A small increase is understandable but from what we've read the cost of solid waste disposal is going to increase a tremendous amount. The increase should not be so high.

We have owned our home since 1996.

Sincerely,

Holly Keenan and Jordan Levine

RE: Restructuring and Increase of Solid Waste Collection Rates, Second Hearing

Dear Mayor Kassakhian and Council Members:

The Glendale Homeowners Coordinating Council (GHCC) and our member Associations continue to follow this agenda item with interest. Our hope for the Staff Presentation to provide greater information and create transparency was not fulfilled. To reiterate, the goal of the GHCC is to promote and enhance the quality of life for all Glendale residents. We expect City Services to meet those quality of life goals and provide transparent and fair costs. An increase to the Residential Solid Waste Collection Rates is needed. We understand that many factors have been in play for some time and advocate for a long-term perspective. A City that is financially well managed and able to provide services is in the benefit of all. The process of restructuring the rates has not provided a clear understanding of the costs of providing service or created confidence in the City Management's ability to provide this needed service for the long term.

The previous comment letter addressed details of the insufficient outreach and engagement of the process. Our questions and concerns have yet to be addressed:

- Currently rates are set based on service with residents having multiple bins for green waste and recycling. Will the rate structure change to match the current franchise structure of charging per bin? An understanding of the basis of the rates is requested with the goal of empowering residents to control the level and cost of service they require.
- Specific costs are presented only for the initial increase with the increase scheduled mere months after is not addressed. What are the calculated rates as of July 2024? A more transparent presentation of the complete rate structure and final costs is requested.
- The item of Commercial Franchising listed as one of the five Significant Factors Driving Cost Increases received the most discussion in the Report. What alternative mitigation measures were considered to address this item as

Assessors parcel Number: 5628 005 021

As homeowners of the above parcel we categorically and unequivocally appose and protest the sanitation fee rate hikes of 358% over 5 year period. This is unfair and unjust to hard working taxpayers of this city. How much is enough, 300 % increase So. Cal Gas hike in January of 2023, consistent water and power and property tax increase? This is a power grab in part of Glendale City council, to enrich themselves and their connections in the trash industry.

What is the goal her, to run us out of our homes? We are on fixed income and can't withstand the constant increases.

This is wrong and unsustainable; folks have to choose between paying these high fees, food and medicine.

Re: Sanitation Fee Rate Hike

To Whom It May Concern:

This letter serves as our voice of protest at the proposed sanitation fee rate hike for single family residences, which would nearly quadruple our rates over the next five (5) years. It is preposterous to even suggest such egregious rate increases given the economic environment we are living in. We are all just emerging from the other end of a global pandemic. The cost of living has increasing dramatically, while wages have not kept up. People can hardly afford to put food on their tables and maintain a roof over their heads. Your proposed increase will serve nothing more than to force citizens out of their homes and onto the streets, or out of your city to avoid these exorbitant costs.

Sincerely,

Narine Yenovkian, Esq.

CITY CLERK
2023 JAN 31 PM 2:07

Dear Dr. Abajian,

I am writing to oppose the City of Glendale's proposed rate increase for solid waste disposal. I am a homeowner in the City of Glendale at the following address & Assessor's Parcel Number 1424 Bruce Avenue, Glendale, CA 91202 (APN): 5628-005-025.

While the rate increases are well-justified, I think the City needs to be held accountable for the bad management of NOT raising rates in the past to put us in this bad situation. I think the City should consider creating a new proposal which includes the a better tapering of the rate increases at a slower rate, especially keeping in mind the current economy we are in.

Thank you.

Michael B. Klein

To whom it may concern,

This letter is to serve the purpose as a written protest and opposition to the proposed solid waste rate increase in our district of Glendale, Los Angeles County.

As a retired senior, I simply can not afford the additional expense that I will be forced to incur.

Therefore, I respectfully request that the city council of Glendale vote no, and not allow any additional rate increases to the already overtaxed and overburdened citizens of this city.

Sincerely,

Jon Stocking

This is a written protest against the proposed Glendale solid waste service rate increase. We have lived here since 2006 and are shocked at the proposed percentage rate increase starting as of 2/1/2023. Glendale's solid waste will quadruple (358%) over the next 5 years is mind boggling.

Owner: Annette Postelwait
Address: 3636 Glenwood Ave
Glendale, Ca 91208
Parcel Number: 5617002013

Thank you,

Annette Postelwait

Dear Glendale City Council representative,

We, the residents at 3677 Glenwood Ave, Glendale, CA 91208, are strongly opposing the unreasonable rate increase in solid waste services for single family residences. We have not been communicated at all, no fly-outs, no emails or mails, no phone conversation. We heard the news from a neighbor. We kindly request to present us the reasons why the rates are estimated to be increased by 358% over the next 3 years.

Regards,

Edmond & Rina Hagopyan

Re: Trash Increases for 2023

Enough is Enough!!!!!!!!!!

I, Isabelle Gerald am the owner of 26 units in Glendale plus a house. I pay for all the trash fees which have tripled recently. You are causing rent increases which tenants don't like.

I am opposed to the increases.

I live in the City of Glendale and currently a tenant. **I am in much opposition** of the proposed rate increase for our sanitation services. I believe these increases are outrageous compared to our current rates and are totally out of line.

We are all hoping that you will **stop** this proposal **AND NOT IMPLEMENT** this increase to all of us in the City of Glendale.

CITY CLERK
2023 JAN 31 PM 3:40

Dear Glendale City Council members:

My name is David Moody, and I am the surviving homeowner of the residence at 1814 Canada Blvd. 91208, on Tract 2292 – “por” of lot 74 according to my current property tax bill.

I write this in the hope that you will consider my position in respect to the proposed increase in sanitation tax –for it is one, and **I strongly oppose it.**

I am a homeowner here in Glendale (for over 40 years). I currently live on a teacher retirement pension resulting from service career concluding as teacher in the Los Angeles Community College District. My home is my only capital possession.

As to my consumption of sanitation services I contribute little to the weekly pickup because my fixed income requires me to make use of as much as possible of the things I purchase.

I am a 94-year-old widowed veteran, having served in the US Navy during the Korean War, but I do not receive any service pension, nor do I receive any VA services. For most practical purposes, I am wheelchair bound. While I am already legally blind, I am subjected to progressive decrease in vision (macular degeneration), while I do receive medical coverage assistance, all of it results from contracts with LACCD- none of it is Glendale-sourced.

My point is that-given the fixed nature of my income and the sufficiency of the taxes I already pay to cover the services I receive from Glendale-any increase in sanitation fees is excessive and unconscionable. The existing cost of sanitation should come from Glendale’s portion of the considerable property taxes which I pay annually (currently \$3045.76). Any increase in sanitation cost should come from the annual increase in this tax).

Sincerely,

David A.V. Moody

RE: Sanitation Fee Protest

I am 182% against this Sanitation fee rate hike. Who's heard of a 182% to 358% rate hike within 4 years. This is unacceptable for all Glendale home owners. As a Glendale home owner for 40 years, I find this unimaginable. If you want this City to remain great find alternate solutions for your residents.

Subject: Trash Service

Dear Sir,

We strongly oppose your new proposal
on trash pick-up service.

We can not afford the increase of
the new rate !!

This is totally ridiculous !!

Please stop using individual
pick-up company, and you'll be
able to manage with the tax and
the payment you used to charge
to us. Please have a decent
heart!
Thank you.

* This will determine whom we'll vote next time.

March 28, 2023

City of Glendale
Public Works Integrated Management Division
613 E. Broadway
Glendale, CA 91206

Dear City,

I protest the proposed solid waste increase and request that the new Ordinance relating to solid waste rates be rescinded. I request that you send the bill for any solid waste increases fees to the state government in Sacramento for any increases that their legislation has caused since they can afford a doubling or tripling of costs instead of charging the ratepayer for those charges.

Please send me information on the amount of increased fees in the City of Glendale actually caused by SB 1383 and what actions the City is taking to notify Sacramento of the opposition by your City's residents. Also, please notify me of the City's prior actions to try to repeal this legislation. Like many residents and property owners my income does not double, triple, or even increase more in only a few short years.

Sincerely yours,

Gary Green
