The City Council hereby finds that the proposed amendment is exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines section 15061(b)(3), which states the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. It is found with certainty that there is no possibility this regulatory amendment prohibiting gas-powered leaf blowers will have a significant negative effect on the environment. Contrarily, the amendment will have a positive effect on the environment by reducing noise and air pollutants, including greenhouse gas emissions.

This ordinance is adopted under the authority of the Charter of the City of Glendale and State law. If any section, subsection, clause or phrase is declared invalid or otherwise void by a court of competent jurisdiction, it shall not affect any remaining provision hereof. In this regard the City Council finds and declares that it would have adopted this measure notwithstanding any partial invalidity hereof.
